

# CP-06-AC Cabled Pendant Control for 120VAC

*Up to 6 buttons - 120vac operation*

## FEATURES

- **Custom Keypad**  
Standard model includes custom keypad printed specifically for your application. Full color text, graphics, and logo.
- **Low Cost**  
Economical way to add wired remote control capability to a wide range of line voltage powered equipment.

## ACCESSORIES

- Belt clip
- Magnetic mount
- Rubber protective boot

## APPLICATIONS

- Factory equipment
- Roll-up doors
- Motor start-stop
- Specialty equipment

## OPERATION

### Operation

CP-06-AC Provides up to 6 outputs capable of switching 120VAC to loads up to 3-amps. An internal isolated power supply provides a safe keypad interface. Internal relays switch 120VAC supply voltage to outputs.

### Controls

Custom printed keypad features customer-specified labeling including symbols, logos, and color choice.
